# ROUTE DELIVERY MADE EASY

## FEATURES AND BENEFITS

- ✓ Patented All-Aluminum machine castings enhance strength and durability
- ✓ Most efficient working profile in the beverage industry
- ✓ Industry's first one-piece front and rear skins
- ✓ Re-engineered Roll-Up door

- sets new standard for smooth, easy operation
- ✓ Integrated All-Weather Door Loc™ system
- ✓ “The Gripper” hand grip for added comfort and safety versus conventional cut-out hand holes (optional)

- ✓ “Lock-Latch” hand cart retaining system
- ✓ “Easy Shift” adjustable shelving system with protected pin-and-spring mechanism
- ✓ Integrally stiffened one piece floor construction

Patented All-Aluminum machine castings are “sleeve fitted” to enhance strength and durability. Upper corner casting ties the corner post to the roof header while incorporating the door post. Lower corner casting joins the corner post to the rubrail creating a rigid bond at this critical stress point.

Mickey's non-override all-aluminum bumpers are designed and manufactured to be the strongest in the industry.

Integrally stiffened one piece floor construction

Roll-Up door with intermediate handle panel for safe easy operation

“The Gripper” hand grip for comfort and safety

“Lock-Latch” adjustable hand cart retaining system

Strongest drop frame in the beverage industry

Mickey Truck Bodies, Inc. is a global manufacturer of all-aluminum truck bodies and trailers, with customers throughout the U.S. and in more than 30 other countries. The company was founded by the Mickey family in 1904 and is still privately owned and operated by the Mickey family.

Over the past decade, Mickey has invested more than \$20 million automating its entire manufacturing facilities and processes to be able to produce the most technologically advanced beverage bodies and trailers.

The Load bear Series of bodies and trailers is a perfect example of Mickey's engineering and manufacturing technology coming together with the company's unshakable commitment to customer service to produce a product that is as durable as it is versatile.

The Load Bear meets loading and unloading requirements of both side and/or rear access applications, which means you can use our body for bulk delivery at a back door or curbside delivery on an inner-city route.

Mickey offers virtually any custom bay and shelving configuration as well as a variety of heating and cooling options for refrigerated or dry freight product applications.

All-aluminum corner and intermediate machined castings (not conventional sand castings) are "sleeve fitted" to rub rail, door tracks and door post to form a positive, stress-free connection which increases the strength, durability and life span of the beverage body or trailer unit.

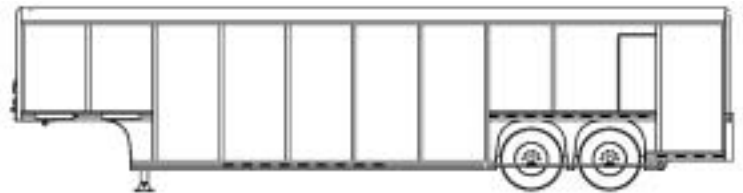

The Mickey Load Bear – a very unique beverage delivery unit from a very unique manufacturer.

## Load Bear Series

Note: Not all bay configurations have been shown. We can custom configure to your exact needs.

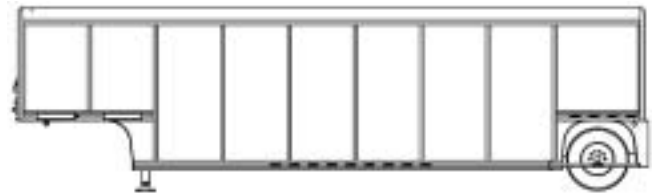

4 Bay mini

20 Bay tandem axle

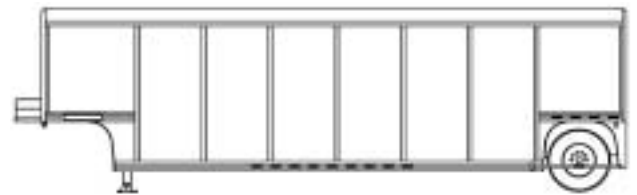

6 1/2 Bay drop frame

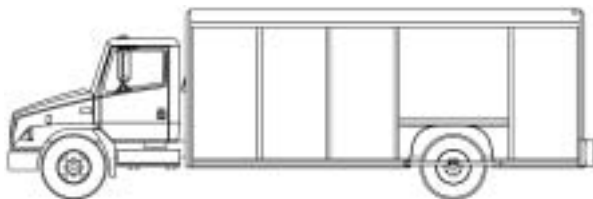

18 Bay single axle

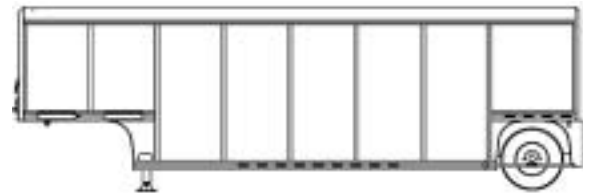

8 1/2 Bay drop frame

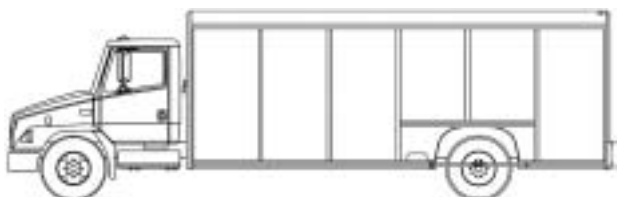

16 Bay single axle/extended king pin

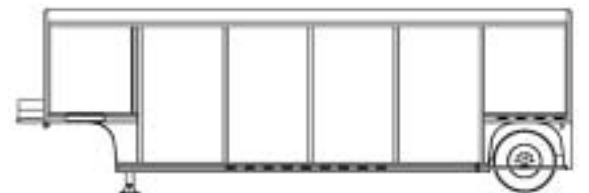

10 1/2 Bay drop frame

16 Bay single axle

12 Bay drop frame

12 Bay single axle/extended king pin

# AT MICKEY, EVERY PAINTING IS A MASTERPIECE.

Mickey's computer-controlled painting system is totally immune to weather conditions, dust, dirt and other contaminants, ensuring the best looking, most durable paint job in the body and trailer manufacturing industry.

**STATION 1:** Alumatux washing and etching, hot water rinse, bonding application to ensure proper paint adhesion.

**STATION 2:** Unit is "baked dry" with 170-degree air blown at 1,200 CFM. Completely removes all moisture.

**STATION 3:** Mickey technicians manually mask all unpainted areas.

**STATION 4:** Primer coat is applied and unit is "flash-dried."

**STATION 5:** Top coat is applied via computer-controlled pre-mix paint guns with multi-color capabilities.

**STATION 6:** "Baking Oven" dries finish completely with 140-degree air at 750 CFM.

Mickey Truck Bodies has earned an unshakable reputation for after-sales service and support, and our customers have the utmost confidence that we will be there for them before, during and after the sale.

We stand behind everything we sell with a rock solid 12-year warranty.

## MICKEY RECONDITIONING AND SERVICE CENTERS

Mickey Truck Bodies Inc owns and operates a national network of Reconditioning and Service Centers designed to handle all major and minor reconditioning and repair work, including paint and decal applications.
